

The University cup is almost here!

Here are the final communications before we meet on Saturday!

Preparation

- Be sure to have registered for the University Cup at <https://challenge.entelect.co.za/>
- Be sure to have joined the University Cup Discord server at <https://discord.gg/PuYDCNY>
- Be sure to be part of a team with 2-3 members from the same university!

The Agenda for the day

- 10:00 Entelect Challenge University Cup 2022 kicks off!
- 14:00 Frost sets in and the leaderboard is non-responsive
- 15:00 Submissions come to a grinding halt
- 15:30 The winners are announced!

Final tips before we get hacking!

- Have some boilerplate code ready, something that can read in files and write to files for example
- If you haven't already, try your hand at the Practice Problem
- Don't be afraid to ask any questions, the more you know the easier the solutions presents itself
- "Do or do not, there is no try" ~ Yoda

Prizes!

Each member of the winning team will receive a Gaming Laptop and some goodies and gadgets for their University!

See you soon!
